

Hamburg, February 1st, 2013. – German animation and VFX studio LIGA 01 COMPUTERFILM hires Renato Klieger as Senior Motion Designer. Renato joins the team to head the creative department starting today.

The designer and director will develop visual art and concepts, supervise the pitch process and lead all design projects at LIGA 01 in Hamburg.

Renato, 31 years old, originates from São Paulo, Brazil, where he worked in commercial film production, broadcast design and the gaming industry in Brazil for companies like Terracota Films and Nu Young Creative Agency.

The young motion designer's work has been awarded at creative competitions like Philips Latin America Digital Art Contest and Holland Film Festival (HAF). His music video for Björk was released on her *Innocence* DVD.

LIGA 01 COMPUTERFILM was founded in 2001 and produces VFX, motion design and animation in Hamburg and Munich, employing 30 specialists who work for clients from commercial and feature film and broadcast design.
